Re: ECF No. 58, 59

9 Defendants Laura Ann Lisk and Ryan Lisk, who are each proceeding pro se, filed a
10 request for direction. (ECF Nos. 58, 59.) They note that Plaintiff has filed numerous motions
11 during the course of this lawsuit, and they do not know what they need to respond to or not.

12 To the extent Defendants filings can be construed as motions, ECF Nos. 58 and 59 are
13 **DENIED**. District Judge Du addressed these concerns in her minute order dated October 10,
14 2024, noting that Plaintiff filed 23 motions, and given the voluminous filings and nature of the
15 motions, the court sua sponte stayed the case to conserve judicial resources and Defendants' time
16 in needing to respond to unnecessary filings. District Judge Due will resolve the pending
17 dispositive motions in due course. (*See* ECF No. 107.)

18 **IT IS SO ORDERED.**
